

HD Diesel Emissions Reduction Program

What: We are offering two one-day training classes to help our industry to comply with HD Diesel smoke inspections required under the Annual Smoke Inspection Program (Periodic Smoke Inspection Program), Health and Safety requirements of Title 13 CCR, Chapter 3.6, Section 2190-2194. Students will perform the opacity test with the SAE J1667 equipment.

Who: This course is designed for mechanics, technicians and engineers to supplement their knowledge of heavy-duty diesel engine emission compliance and testing.

When:	Friday October 6, 2006 (8 hours) 7:30 a.m. - 4:30 p.m. Course # 57706	or	Friday October 13, 2006 (8 hours) 7:30 a.m. - 4:30 p.m. Course # 36006
--------------	--	-----------	---

Where: San Joaquin Delta College
(Holt Building, Room 137)
5151 Pacific Avenue
Stockton, CA 95207
